OFFICE OF LEGISLATIVE COUNSEL

Monday - 14 March 1960

1. Called George Barnes on the Staff of the Senate Interstate and Foreign Commerce Committee to advise him that the Director had signed a letter to the Chairman, Senator Warren G. Magnuson, indicating that inasmuch as the State Department would be briefing this Committee on world wide aspects of economic expansion and since we will be assisting the Department in this, we felt that an appearance by the Director would not be appropriate. The letter is being sent to Mr. Barnes' attention.
